MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDIAN ECONOMY OVERVIEW

Throughout FY 2024–25, the global economy remained under the shadow of escalating geopolitical uncertainty. Conflicts in Europe and the Middle East continued unabated, exerting pressure on global energy security and trade flows. The Red Sea shipping disruptions, stemming from attacks on vessels, significantly impacted the Suez Canal corridor, leading to rerouting of cargo and elevated freight costs. Similarly, renewed tensions in the Strait of Hormuz threatened the stability of oil supplies, fueling sharp swings in crude prices, with an ~11% surge in June 2025 alone.

These disruptions, combined with heightened commodity volatility and fragile supply chains, created a turbulent external environment. According to the IMF World Economic Outlook (October 2024), global growth is projected at 3.2% in 2024 and 2025, with risks tilted to the downside due to conflict-driven oil price shocks and geoeconomic fragmentation.

Against this backdrop of global headwinds, India continued to stand out as the fastest-growing major economy in FY 2024–25. Growth momentum was supported by:

- Public capital formation and infrastructure investments,
- Robust services exports, particularly IT and digital services, and
- A strong domestic consumption base, though moderating compared to previous years.

The IMF Article IV Consultation (Feb 2025) highlights India's real GDP growth at ~6.5% in FY 2024–25, after expanding by 7.6% in FY 2023–24 (NSO advance estimates). Inflation eased toward the Reserve Bank of India's 2–6% tolerance band, averaging around **5%**, with food price shocks being transitory. This created a relatively stable interest rate environment, supporting investor sentiment.

The external sector remained resilient, with the current account deficit contained at ~0.9% of GDP, cushioned by services exports and diversified energy imports. India's financial system continued to display resilience, with banks reporting healthy capital adequacy and reduced non-performing assets.

INDUSTRY STRUCTURE AND DEVELOPMENTS

PAINT INDUSTRY

During FY 2024–25, the Indian paint industry witnessed a period of transition marked by both opportunities and challenges. The decorative paints segment, which continues to account for the majority of demand, recorded subdued growth. While volumes expanded modestly by around 2–3%, overall value contracted by nearly 5–6% as consumers extended repainting cycles and showed a preference for more economical product categories. This trend was particularly visible in urban markets, where discretionary spending remained under pressure.

The industry also saw heightened competitive intensity, with new entrants expanding aggressively and existing players increasing promotional activities. This led to price discounting and stronger marketing spends, thereby exerting pressure on margins. CareEdge Ratings reported that overall industry revenue growth slowed to about 4% compared to the double-digit pace of the preceding years, though volume growth remained steady at around 10%, reflecting strong underlying demand but high price sensitivity.

Profitability, however, came under strain. Average operating margins for companies reduced from a historical average of around 18% to nearly 16% during the first half of FY25, and analysts expect this could moderate further in the coming years. In addition, advertising and promotional expenses rose by 100–200 basis points as companies sought to defend market share and strengthen brand identity.

Structurally, the industry continues to consolidate with organized players expanding capacity and enhancing distribution networks. The share of organized players is expected to approach 80% over the medium term, supported by large-scale investments, modern manufacturing facilities, and a stronger focus on digitalization.

Despite current pressures, the medium-term outlook remains positive. Urban demand is showing signs of gradual revival, and rural consumption is expected to improve with stable inflation and government-led housing and infrastructure initiatives. Furthermore, the industry is seeing rising demand

for sustainable, eco-friendly, and technologically advanced coatings, which will be key drivers of long-term growth.

OPPORTUNITIES

MARKET EXPANSION

The steady rise in housing, urban infrastructure, and government initiatives such as affordable housing schemes and infrastructure development are expected to drive sustained demand for decorative and industrial paints. Growth in Tier-II and Tier-III cities presents an untapped opportunity, supported by rising disposable incomes and aspirations for better quality finishes.

SUSTAINABILITY AND INNOVATION

Increasing awareness of health, safety, and environmental concerns is accelerating the demand for eco-friendly paints with low or zero VOCs, bio-based formulations, and recyclable packaging. This trend provides an opportunity for innovation in product development, catering to environmentally conscious consumers while aligning with global green building standards.

TECHNOLOGICAL ADVANCEMENTS

Demand is rising for advanced coatings that offer higher durability, antimicrobial protection, weather resistance, and smart surface technologies. Continuous R&D investments in such areas can position the industry to cater to evolving consumer preferences and premiumization trends.

DIGITALIZATION AND DISTRIBUTION

The growing role of e-commerce, digital platforms, and data-driven marketing presents an opportunity to reach wider customer bases, improve dealer engagement, and streamline supply chains. Strengthening digital presence can help capture the next wave of consumer demand.

CHALLENGES

INTENSE PRICE COMPETITION

High competitive intensity and aggressive pricing strategies across the industry continue to exert pressure on margins. Sustaining profitability requires balancing competitive pricing with differentiated value propositions.

RAW MATERIAL PRICE VOLATILITY

Fluctuations in crude oil prices and supply chain disruptions continue to impact the cost of key raw materials such as resins, solvents, and titanium dioxide. This volatility poses challenges in maintaining stable pricing strategies and profitability.

CHANGING CONSUMER PREFERENCES

While demand for sustainable products is rising, it requires significant investment in R&D and reconfiguration of supply chains. Companies need to adapt rapidly to these evolving preferences, which may strain resources in the short term.

REGULATORY AND ENVIRONMENTAL NORMS

Increasingly stringent environmental regulations on emissions, waste management, and chemical usage require continuous compliance and investment in sustainable manufacturing practices.

SEGMENT – WISE PERFORMANCE

At present, the Company is engaged only in manufacturing and selling of paints and there is no other separate reportable segment.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

KEY AUDIT MATTER

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

The Key Audit Matter	How was the matter addressed in our audit
Revenue recognition (Refer note 24.B(v) and 17 of the Financial Statements)	
Revenue is one of the key profit drivers and is therefore susceptible to misstatement. Cut-off is the key assertion insofar as revenue recognition is concerned, since an inappropriate cut-off can result in material misstatement of results for the year.	Our audit procedures with regard to revenue recognition included testing controls, automated and manual, around dispatches/deliveries, inventory reconciliations and circularization of receivable balances, testing of cut-offs and performing analytical review and procedures.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Directors Report, but does not include the financial statements and our auditor's report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Management Discussion and Analysis, Board's report including annexures to Board's report, if we conclude that there is a

material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

RESPONSIBILITIES OF MANAGEMENT AND BOARD OF DIRECTORS FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements

may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard required a change in the accounting policy hitherto in use.

(ii) USE OF ESTIMATES:

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.
